

Katherine Rhodes

CURRICULUM VITAE

k123rhodes@gmail.com

EDUCATION

Texas A&M University, College Station, Texas

Bachelor of Science in Psychology

May 2023

Minor in Communications

GPA: 3.86 /4.0

Certifications: Psychology of Diversity and Applied Behavioral Health

Honors: Psi Chi, Cornerstone Liberal Arts Honors, Arts and Sciences' Dean's List

AWARDS

2nd Place Oral Presentation Undergraduate in Sciences Award, Organizational citizenship behaviors as predicted by commute satisfaction. Texas A&M University Student Research Week, 2023, \$150

Achievement Scholarship Recipient. Houston Livestock Show and Rodeo, 2022, \$8,000

Scholarship Recipient. Houston Livestock Show and Rodeo, 2020, \$25,000

PRESENTATIONS

Rhodes, K., Parikh, J., & Sabat, I. (2023, March). Incivility in the workplace and job satisfaction: the role of work-identity centrality and identity management. Poster presented at Texas A&M University's Student Research Week, College Station, TX

Parikh, J., LeValley, C.S., **Rhodes, K.**, Jenkins, E.D., & Bergman, M. E. (2023, March). Organizational citizenship behaviors as predicted by commute satisfaction. Oral presentation presented at Texas A&M University's Student Research Week, College Station, TX

RESEARCH EXPERIENCE

Developing Systems Laboratory

Dept. of Psychology at University of Houston

Oct 2023 - Present

Faculty Advisor: Dr. Jeremy Borjon

Lab Manager

Dissertation on Street Harassment

Dept. of Psychological and Brain Sciences at Texas A&M University

Jun 2022 - Present

Faculty Advisor: Dr. Mindy Bergman

Research Assistant

- Explore the well-being of women as related to street harassment experienced on the commute to and from work using experience sampling method (ESM)
- Coordinate survey distribution using the Qualtrics and Prolific platforms to ensure over 60 participants ability to access and complete the daily surveys

- Review data to confirm participation as well as compensate participants through Prolific for daily survey completion
- Compile, clean, and analyze daily survey data (e.g., reliability, descriptive statistics, correlations) using Google Sheets, Excel, and SPSS
- Develop an oral presentation, which examined the relationship between commuting satisfaction and the organizational citizenship behaviors of participants using analyses of collected data with 2 other research assistants
- Placed 2nd in the oral undergraduate category at Texas A&M's Spring '23 Student Research Week

Dissertation on Rape Myths in *Law & Order: SVU*

Dept. of Sociology at Texas A&M University

Mar 2023 - Present

Faculty Advisor: Dr. Sarah Gatson

Research Assistant

- Investigate the use of rape myths, portrayal of rape cases, and dialogue regarding rape myths in *Law & Order: SVU* using mixed-methods
- Evaluate instances of rape in assigned episodes of *Law & Order: SVU* quantitatively using Excel and a provided codebook
- Create transcripts for each instance of dialogue pertaining to rape myths in assigned episodes of *Law & Order: SVU*
- Summarize the coding experience of each episode in journal documents to provide the research supervisors with clarity on potential between-coder discrepancies

Human Bio-behavioral Signals (HUBBS) Lab

Dept. of Computer Science and Engineering at Texas A&M University

Feb 2023 - Present

Faculty Advisor: Dr. Theodora Chaspari

Behavioral Coding Student Assistant

- Examined team dynamics among National Aeronautics and Space Administration (NASA) astronaut crews to identify nuanced behavioral patterns that could affect mission success
- Administered a survey on 4 separate occasions throughout a 45 day simulation of a long duration space exploration mission to investigate teamwork dynamics among 9 different crews
- Determined behavioral intentions of crew members by coding verbal statements in order to yield quantitative data aligned with the given codebook
- Communicated observations on crew behavior and potential codebook revisions in weekly briefs with NASA research coordinators

Psychology Research in Inclusion, Diversity, and Employment (PRIDE) Lab

Dept. of Psychological and Brain Sciences at Texas A&M University

Jan 2022 – Jul 2023

Faculty Advisor: Dr. Isaac Sabat

Research Assistant

- Conducted research with a focus on improving the working lives of marginalized employees through examination of identity engagement and effective obstacle remediation in the workplace
- Investigated various topics of interest including disclosure and management of hidden stigmatized identities, diversity training programs, and intersectional experiences in the workplace
- Performed beta-testing and faux interview simulations to provide feedback on legibility and comprehension for a qualitative study on experiences of transgender employees of color
- Prepared literature reviews for various graduate student-led projects on intersectional identities, queer employees' identity management, and gender-expansive individuals in the workplace

- Assisted in the recruitment of around 45 participants for a study investigating the experience of employees with diagnosed Borderline Personality Disorder
- Organized a poster project and authored a paper focused on work-identity centrality and identity management as mediators of the relationship between job satisfaction and experience of workplace incivility
- Presented a poster about workplace incivility at Texas A&M's '23 Student Research Week

American Media Research Project

Dept. of Marketing at Texas A&M University

Jun 2021 – Dec 2022

Faculty Advisor: Dr. Chuck Howard

Research Assistant

- Examined the relationship popular news media brands (i.e., FOX News, MSNBC, and CNN) foster between content presentation and audience attention
- Conducted literature review on narrative strategies utilized by corporate media brands to form connections with consumers
- Formulated methods to evaluate news media marketing/content and the possible effects different factors (e.g., formatting, extreme and/or negative language) could have on audiences
- Utilized Excel to clean information sourced from news media websites by the WayBack Machine
- Documented observations of data trends and potential ideas for examining new media branding
- Presented biweekly reports regarding the status of literature reviews, data trends, and project approaches to faculty (Dr. Howard and Dr. Buffy Mosley) and the other research assistants

Hint Blindness Neuroscience Lab

Dept. of Psychological and Brain Sciences at Texas A&M University

Dec 2020 – May 2021

Faculty Advisor: Dr. Steven Smith

Research Assistant

- Investigated memory and metacognition with a focus on hint blindness and learned context-dependent patterns
- Assisted in construction and beta-testing of Qualtrics surveys as well as in-person testing conditions
- Performed initial analysis to assess data quality and make revisions as necessary using Excel

TEACHING EXPERIENCE

Dept. of Psychological and Brain Sciences at Texas A&M University

Psychology Teaching Scholar (Undergraduate TA)

Jan 2022 - May 2023

- Aided in the administration of lectures twice a week for the assigned course (i.e., Black Psychology, Psychology of Culture and Diversity, Intro to Cognitive and Behavioral Neuroscience)
- Held weekly office hours for students to communicate their needs and any course questions
- Managed the testing services required for exam grading and proctored exams
- Coordinated hour-long review sessions for each unit to help students with content before exams

Dept. of Athletics at Texas A&M University

Student Athlete Tutor

Aug 2021 - Oct 2022

- Developed the academic skills of student athletes on a weekly basis using individualized study plans for over 10 different athletes
- Tutored around 15 students in their coursework; mainly Cognitive and Behavioral Neuroscience and other psychology courses
- Maintained the ethical code of conduct for working with student athletes as required by NCAA guidelines

Office for Student Success at Texas A&M University

Peer Mentor

Jul 2021 - Dec 2021

- Facilitated administration of lectures and weekly class for around 40 students
- Managed weekly attendance and student communication regarding course and assignment expectations
- Coordinated a 30 minute lecture on consent and mental health resources provided by Texas A&M University

SERVICE EXPERIENCE

Brazos County Sexual Assault Resource Center

Volunteer Advocate

May 2021 – Present

Freshmen of Liberal Arts Reaching Excellence (FLARE)

Executive Officer

Aug 2020 - May 2023

Psychology Club

Member

Aug 2020 - May 2023

Secular Student Association (SSA)

Officer

Aug 2020 - Jul 2021
